How the City Directory will help you

Some people regard the City Directory as merely a big book that cannot concern or be of any use to them, personally.

If they realized what it contains, and how it would answer many little questions that come up every day, they would use it in their personal as well as business affairs.

Well, now—doesn't it concern you? It has your name, business and address correctly listed, where your friends, looking for you, will find it.

It has this same information about your friends, and anyone else in the city you may be interested to look up.

It has complete information about the business houses of the city, telling who sells what, and where. It has detailed accounts of progressive houses, who realize they will logically be looked for in the "Selling Section."

It tells how all the streets run, giving numbers at corners; the clearest map of the City; Buildings, Government, Societies and a wealth of facts about the City that can only be appreciated by glancing at the Index.

You will be repaid for a little time spent in finding out how to use this book full of "Who and Where" information; repaid in convenience, in accuracy, and in time saved in your everyday affairs. **But be sure you use the latest,** as an old edition will mislead you.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9 To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
